Brynn Clymer, APRN, FNP-BC
Family Nurse Practitioner

Lexi Rowley, APRN, ACNP-BC
Acute Care Nurse Practitioner

This facility has on staff Nurse Practitioners to assist in the delivery of medical care.

A Nurse Practitioner is not a doctor. A Nurse Practitioner is a Registered Nurse who has received advanced education and training in the provision of health care. A Nurse Practitioner can diagnose, treat, and monitor common acute and chronic diseases, as well as provide health maintenance care.

I have read the above, and hereby consent to the services of a Nurse Practitioner for my health care needs.

I understand that at any time I can refuse to see the Nurse Practitioner and request to see a physician.
